MEMORANDUM FOR: Director of Security

SUBJECT : Realignment of SPINT Security
Staff Functions

1. In connection with the transfer of the activities of the SPINT Security Staff to the Special Security Center, a review has been made of the security functions presently performed by that Staff. This review would indicate that while certain of these functions should remain within the Special Security Center (Tab "A") others would by their nature be more efficiently and expeditiously performed by other components of the Office of Security (Tab "B"); or by the Security Staff of the Office of Logistics (Tab "C"). Two functions would definitely appear to fall within the purview of the Office of Communications (Tab "D").

2. Upon reassignment of the security functions of the SPINT Security Staff to the Office of Security, your approval is requested for the realignment of functions to components in the Office of Security as indicated in Tabs "A" and "B". Permission is requested to explore with the Office of Logistics and the Office of Communications the possibility of transferring the functions listed in Tabs "C" and "D" to such components.
